NATURE IS CALLING

NATURAL BEAUTY IN EVERY PLANK

Nature plank flooring is our tribute to the infinite beauty of nature. The floor is inspired by the diversity of wild nature, expressed through its playful colours and vibrant vein patterns.

Each plank encapsulates the unpredictable course of life, and you'll find that every step on the floor tells its own story.

THIS IS YOUR OPPORTUNITY TO INVITE A
LITTLE PIECE OF NATURE INSIDE.

OAK

Thickness x width: 20.5 x 140 mm

Surface: Ultra matt and silk matt lacquer

A floor board with a warm and golden glow and an interesting grain structure. Natural ageing gives the wood an authentic appearance.

OAK NORDIC

Thickness x width: 20.5 x 140 mm

Surface: Ultra matt lacquer

A floor board with a white toned surface. Adds a light Scandinavian touch to the floor.

A NATURAL LOOK

A natural and authentic look from a wide spectrum of colour tones and variations between individual planks. These colour tones and vivid features make each plank tell its own story.

Extensive areas with lighter tones of colour are seen along the grain pattern and in the sapwood. Several large knots and natural fine splits occur. Knots and other irregularities are to the greatest extent possible factory filled with a one colour filler to ensure a uniform and beautiful surface.

DELIVERED WITH A HARDWEARING SURFACE

Junckers Oak Nature is surface-treated from factory. Factory treatment means that you will have:

- A high quality finish which will be more uniform than one which is site applied.
- A hard wearing factory finish with a consistently high level of durability.
